Global Down Syndrome Educational Grants

A Collaborative Grant Program from the Global Down Syndrome Foundation and the National Down Syndrome Congress

March 17, 2014

Dear Friends and Colleagues,

We are proud to present the third Request for Proposals (RFP) for the Global Down Syndrome Educational Grants: A Collaborative Grant Program from the Global Down Syndrome Foundation and the National Down Syndrome Congress.

The Global Down Syndrome Educational Grants ("Grant(s)") are a direct result of (1) surveys sent directly to many local Down Syndrome organizations, and (2) requests from the National Down Syndrome Congress's affiliate group. In both cases, local education programs were considered critical to the work of creating a brighter future for people with Down syndrome.

The grants are intended to provide much needed funding to create important educational programs or augment existing educational programs that definitively help people with Down syndrome. In addition, the Grants will provide parameters of success that better ensure sustainability of such educational programs.

The proposals for the Grants are due on May 16, 2014, and winners will be announced at the National Down Syndrome Congress Annual Convention in Indianapolis in July 2014. The Grants will be awarded in the amount up to \$15,000 each. The long-term intention of the Grants is to provide seed money to local organizations that will, utilizing parameters of success required by the Grant, attract sustainable funding from other sources. In this way, over time, we can help launch dozens if not hundreds of new educational programs that benefit people with Down syndrome.

Attached you will find useful application information about the Global Down Syndrome Educational Grants, including eligibility requirements.

We hope you are as excited as we are about the continuation of this collaborative initiative. We look forward to your proposals as well as your thoughts and suggestions.

Together, we will create a brighter future for people with Down syndrome!
