

Global Down Syndrome Foundation Educational Grants

March 14, 2017

Dear Friends and Colleagues,

We are proud to present the sixth Request for Proposals (“RFP”) for the Global Down Syndrome Foundation Educational Grants (“Grant(s)”). Since they were launched in 2012, the Grants have provided \$400,000 to local Down syndrome organizations from around the United States and Puerto Rico, funding 42 innovative educational programs to medical professionals, self-advocates, teachers, parents of people with Down syndrome, and beyond.

The Grants are a direct result of surveys sent to many local Down syndrome organizations and feedback from DSAIA Leadership Conference workshops. The surveys and feedback underscored the importance of local educational programs towards creating a brighter future for people with Down syndrome.

The long-term intentions of the Grants are to provide much needed funding to create important educational programs or augment existing educational programs that are designed to help people with Down syndrome and to help attract sustainable funding from other sources by utilizing the parameters of success which are required per the Grant RFP. These parameters will ensure that such educational programs are successful and sustainable. In this way, over time, we can help launch dozens if not hundreds of new educational programs that benefit people with Down syndrome.

The proposals for the Grants are due to the Global Down Syndrome Foundation by 5:00pm (MDT) on Friday, May 19, 2017. The Grants will be awarded in amounts up to \$10,000 each and winners will be announced at the National Down Syndrome Congress Annual Convention in Sacramento in July 2017.

Attached you will find information about the Global Down Syndrome Foundation Educational Grants, including eligibility requirements. **Please note, when downloading the interactive grant application, save the form to your computer before you begin filling it out; you may lose the information if you begin working on it in your Internet browser.** We look forward to your proposals as well as your thoughts and suggestions.

Thank you for all you do. Together, we are creating a brighter future for people with Down syndrome!
