

MARCH 2020

Global Joins National Consortium to Create Important Covid-19/Down Syndrome Resource

Many people with Down syndrome are "high risk" for COVID-19. GLOBAL is proud to collaborate with DSMIG-USA, LuMind IDSC, NDSC, NDSS, and NTG and Down syndrome medical experts to publish an important Q&A on this topic. The unprecedented spread of COVID-19 presents the world with a unique challenge and calls for a united response.

SHARE US

The Global Down Syndrome Foundation (Global) is the largest non-profit in the U.S. working to save lives and dramatically improve health outcomes for people with Down syndrome. Global has donated more than \$32 million to establish the first Down syndrome research institute supporting over 400 scientists and over 2,000 patients with Down syndrome from 28 states and 10 countries. Working closely with Congress and the National Institutes of Health, Global is the lead advocacy organization in the U.S. for Down syndrome research and care. Global has a membership of over 100 Down syndrome organizations worldwide, and is part of a network of Affiliates: the Cmc Institute for Down Syndrome, the Sie Center for Down Syndrome, and the University of Colorado Alzheimer's and Cognition Center all on the Anschutz Medical Campus. For more information visit globaldownsyndrome.org.
