Our 2020 Fashion Show Celebs

Despite coronavirus, celebrities sign up in full force for GLOBAL’s Be Beautiful Be Yourself Fashion Show. Check out our roster from Hollywood, the Broncos, and Quincy Jones Awardes.

Attend the Show

Dr. Joaquín Espinosa from the Crnic Institute explains how the immune dysregulation observed in Down syndrome is a risk factor for COVID-19 and the importance of testing immune-modulatory therapies. Read the paper here!

Understanding COVID-19

Black Lives Matter. At GLOBAL we condemn racism and discrimination in all forms. We mourn for every person who has been a victim of violent acts perpetrated in hateful discrimination. Black Lives Matter, to us and to the world.

Make Your Voice Heard

NDSC presents GLOBAL with a prestigious award for creating the first Medical Care Guidelines for Adults with Down Syndrome. GLOBAL’s Roundtable & Workshops educate on COVID-19, breakthrough research, and more.

The Global Down Syndrome Foundation (GLOBAL) is the largest non-profit in the U.S. dedicated to transformative medical care and research for people with Down syndrome. GLOBAL is part of the Crnic Institute for Down Syndrome at the University of Colorado Anschutz Medical Campus and has created the first Down syndrome research institute supporting over 400 scientists and over 1,000 patients with Down syndrome from 28 states and 10 countries. Working closely with Congress and the National Institutes of Health, GLOBAL is in the lead to establish Down syndrome as a disease of the developmental disorder, not an intellectual disability, and is part of a network of Affiliates the Crnic Institute for Down Syndrome, the Center for Down Syndrome, and the University of Colorado Alzheimer’s and Cognition Center all on the Anschutz Medical Campus.
