6 Points for COVID-19 Care

Leading Down syndrome experts: Dr. Francis Hickey, Medical Director of the Sie Center for Down Syndrome, and Dr. Barry Martin, head of the Adult Down Syndrome Clinic at Denver Health, developed 6 key points on Down syndrome for frontline medical providers in the event COVID-19 crisis care triage policies are put in place.

The [Global Down Syndrome Foundation](#) (GLOBAL) is the largest non-profit in the U.S. working to save lives and dramatically improve health outcomes for people with Down syndrome. GLOBAL has donated more than \$32 million to establish the first Down syndrome research institute supporting over 400 scientists and over 2,000 patients with Down syndrome from 28 states and 10 countries. Working closely with Congress and the National Institutes of Health, GLOBAL is the lead advocacy organization in the U.S. for Down syndrome research and care. GLOBAL has a membership of over 100 Down syndrome organizations worldwide, and is part of a network of Affiliates: the Crnic Institute for Down Syndrome, the Sie Center for Down Syndrome, and the University of Colorado Alzheimer's and Cognition Center all on the Anschutz Medical Campus.
